■ IES ATLANTA PROGRAM UPDATE ■

Specifier Displacement Program

IES Atlanta section has implemented a "specifier displacement" sponsorship program. This new program will allow ten individuals to attend the IES monthly meeting for the price of a student admission (\$5.00), helping those displaced to continue their education. If interested in being sponsored, please email ies-cox@earthlink.net.

** If interested in sponsoring an upcoming meeting for \$100, please email ies-cox@earthlink.net.
Vendors are permitted to table-top products before/after the sponsored meeting.

IES Atlanta Section Summer Lighting Internship

IES Atlanta section will introduce a 2010 summer internship program allowing 4-6 college students/graduates to spend their summer learning about all aspects of the lighting industry. These students will rotate every 2 weeks between rep agencies, engineering firms, lighting design firms and distribution companies. If you are interested in participating in this program, please contact amy@globallightingdesign.net for more information.

2010 IIDA Design Awards

It is that time again where outstanding projects are recognized by the IES. Last year the Georgia Section had many projects recognized nationally and internationally. The new format requires an electronic submission of each project. To submit projects, Click [HERE](#) to register. Each project is limited to 10 images per entry, 300 word narrative tied to the images and a \$100 fee per submission. Online submissions open January 15th, and run through February 13th. NEW for 2010 ** The local section judging will provide feedback to all entrants prior to the national electronic judging beginning March 6th. We encourage anyone who has a project that they think could be recognized to submit. You do not have to be a IES member to apply. Looking forward to another great year of Awards for the talented people in the Georgia lighting community!

ADDISON - PARRISH
Lighting Sales, Inc.
